**RENEWED PETITION TO REVIVE BASED ON UNINTENTIONAL  
ABANDONMENT UNDER 37 CFR § 1.137(b)**

Mail Stop Petition  
Commissioner for Patents

Dear Sir:

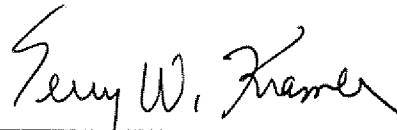

This is a Renewed Petition to Revive for the above-identified patent application. The basis for this Renewed Petition is in response to the USPTO communication mailed December 8, 2009 and that the application was unintentionally abandoned on September 18, 2009, for the reasons detailed below.

As indicated in the Advisory Action mailed on February 19, 2008, claims 5 and 6 were objected to as dependent upon a rejected claim, but otherwise allowable over the references of record. According to MPEP § 1214.06 and 37 CFR § 1.197, "claims indicated as allowable prior to appeal except for their dependency from rejected claims will be treated as if they were rejected." Because the Board of Patent Appeals and Interferences affirmed the Examiner's rejections of the independent claims in a decision mailed on September 18, 2009, this application is now abandoned in accordance with MPEP § 711.02(c).

In response, Applicant hereby files this Renewed Petition to Revive and an Amendment with a RCE. The Amendment converts claims 5 and 6 into independent format. Thus, the converted versions of claims 5 and 6 should be allowable.

In view of the above, Applicant requests that the Renewed Petition to Revive be granted and that examination of the application be reopened.

Respectfully submitted,
